

VIII All-Russian Scientific Conference with international participation

"Algae: Problems of Taxonomy and Ecology, Use in Monitoring and Biotechnology" September 7-11, 2026

Limnological Institute SB RAS, Irkutsk

Second circular

Dear colleagues!

We invite you to participate in the

VIII All-Russian Scientific Conference with international participation "Algae: Problems of Taxonomy and Ecology, Use in Monitoring and Biotechnology" Conference dates: September 7–11, 2026.

Information about the conference is available on the Limnological Institute website

<http://lin.irk.ru/algae2026>

Location: Pribaikalskaya tourist center, Listvyanka village, Lake Baikal, Irkutsk region, Russia. The map is included.

Conference organizer: Federal State Budgetary Scientific Institution Limnological Institute of the Siberian Branch of the Russian Academy of Sciences, Irkutsk

A total of 164 participants have registered for the conference's proposed research areas. The list is attached.

Form of participation:

- in-person participation with an oral or poster presentation;
- absentee participation (publication of abstracts and paper without in-person submission).

On-line presentation of reports is not provided.

Form of presentation:

- plenary (30 min);
- oral (20 min, including answers to questions);
- poster (A1 format, vertical, 2-3 min for oral presentation).

Working languages: Russian, English.

Please send abstracts of your papers to baikal_limnology@lin.irk.ru with the subject line "ABSTRACTS" in capital letters no later than March 30, 2026.

The registration fee will be accepted through the signing of Agreements from March 20 to April 20, 2026. Details are provided in the Appendix. A discount of 5,000 rubles is available on the registration fee for the first authors of the first five conference papers accepted in the journal "Problems of Contemporary Algology."

Important Dates:

Agreement for registration fee payment: March 20 to April 20, 2026

Abstract submission: March 30, 2026

Submission of conference papers to the August special issue of the journal

"Limnology and Freshwater Biology" and the journal "Problems of Modern Algology": April 15 to July 1, 2026

Information Letter No. 3: June 2026

The conference schedule is provided in the appendix.

Conference Proceedings:

- Abstracts will be published in digital format (PDF), and the conference proceedings will be indexed in the national information and analytical system "Russian Science Citation Index" (e-library).
- Manuscripts based on the conference proceedings are planned for publication in the journals "Limnology and Freshwater Biology" and "Problems of Modern Algology."

Abstract formatting: Abstracts must be submitted in Russian or English. The file name must include the first author's last name and a .doc extension. For example: IvanovRH.doc. Page parameters: left margin – 3 cm, right, top, and bottom margins – 2 cm. Font – Times New Roman, main text size – 12 pt, line spacing – 1, alignment – both edges, paragraph indentation – 1 cm. Abstract length – 1 page. No figures or tables. Abstracts are published in the author's original version. The organizing committee reserves the right to review and technically edit submitted materials.

Head of Water Microbiology Lab. Belykh Olga Ivanovna Ph.D., Senior Researcher, Cell Ultrastructure Dept. Bedoshvili Yekaterina Dzhambulatovna Ph.D., Senior Researcher, Cell Ultrastructure Dept. Bessudova Anna Yurievna Ph.D., Senior Researcher, Cell Ultrastructure Dept. Firsova Alena Dmitrievna Ph.D., Senior Researcher, Cell Ultrastructure Dept. Galachyants Yuri Pavlovich Ph.D., Senior Researcher, Cell Ultrastructure Dept. Petrova Daria Petrovna Ph.D., Researcher, Cell Ultrastructure Dept. Shcherbakova Tatyana Aleksandrovna Ph.D., Researcher, Water Microbiology Lab. Sorokovikova, Ekaterina Georgievna Ph.D., Senior Researcher, Cell Ultrastructure Dept. Zakharova Yulia Robertovna Head of Information and Analytical Dept. Dolid Evgeniy Aleksandrovich See you on Lake Baikal!
